karabin.m@yandex.ru

🕒 **Experience:** 4 years

🇷🇺 **Citizenship:** Russian

📍 **Current location:** Kyrgyzstan, Bishkek

🗣️ **English:** Intermediate Plus (B1+) ↗️

⚙️ **Main tools:** React, React-Native, Typescript

👤 Summary

I am a frontend developer with 4 years of real experience in product company. Worked with different devices and tools, and known for my agility in learning new technologies and my ability to work efficiently and autonomously. Sociable, honest and responsible team player as any team member will confirm (I hope)
Looking a new place for doing my best as a part of professionals who really love their work!

📁 Experience

- 🏢 **Telebreeze Corporation** / Middle+ Frontend developer
December 2019 - Present • **React-native / React / Typescript**

About company

Telebreeze is B2B company (~45 employees) which provides solution for managing and distributing films, series and live programs. About 200 clients across 80 countries and millions of users at the end.

My role

I worked as one of key developers on two major versions of **streaming services** with different tech stacks that can be run on browsers, mobiles and TVs. I worked in the React and React Native ecosystems with TypeScript.

Responsibilities

- Development of the core logic and components
- Debugging of complex problems and bugs
- Hotfixes for production errors
- Mentoring and helping for teammates
- Setting up of bundling systems
- Close interaction with QA and support departments
- Writing of documentation and how-tos

Examples of achievements and tasks

- Complete rewrite of the most important part in application and associated logic
- Implementation of cross platform system for dynamic updates and versioning which gives ability to update application without interacting with stores and reinstallation
- Development of cross platform routing and state saving system
- Support for mobile browsers has been restored after a long period of un-maintenance

👍 Recommendations

- **Alexander Zaguzin** / Chief Technology Officer at Telebreeze

“... I wanted to express my gratitude for your outstanding performance and contribution to our company. Your professional and positive work has significant value to our team, and I am pleased to recommend you as a highly qualified professional.”

- **Vladislav Marchenko** / Chief Operating Officer at Telebreeze

“... I'm happy to have him as a part of our team and wish him further professional growth and satisfaction from achievements!”

🎓 Education & Significant courses

- 🎓 **TUSUR University** / Software Engineering bachelor program (full remote)
October 2019 - **Present**
- 🏆 **Meta Lamp** / Frontend junior course
December 2018 - December 2019

💖 Personal preferences

- I **really** to be part of international team! I'm actively improving my English and I don't mind learning another language
- Europe, North America and Eastern Asia are most preferable
- Offers from Russia and Belarus have lower priority, remote only
- Possibility of relocation (even after some time) is very important for me, but is not required
- Salary in stable currency is **required** for remote offers
- I've worked mostly in React ecosystem, but I don't mind try something new (even something different from frontend)

Thanks for understanding and attention 🐾
