### 👤 Summary

I am a frontend developer with 4 years of commercial experience.

Professional who is able to learn very fast, work efficiently and independently, yet is very sociable and responsible team player. Ready for challenges, personal and professional growth.

I hope to work on modern, useful, beautiful and impactful things as a part of professionals who really love their work.

### 📁 Experience

- 🏢 **Telebreeze Corporation** / Upper-Middle Frontend developer  
December 2019 - Present • **React-native / React / Typescript**

#### About company

Telebreeze is B2B company which provides complete solution for managing and distributing films, series and live programs. About 200 clients across 80 countries and millions of users at the end.

#### My role

I participated in the development of two major versions of **streaming services** with different tech stacks that can be run on Web, Android, iOS, Android TV and Smart-TVs. I worked in the React and React Native ecosystems with TypeScript.

#### Responsibilities

- Development of the architecture
- Development of core components and logic
- Debugging of complex problems
- Hotfixes for production errors
- Configuration of bundling systems
- Consulting for support and QA departments
- Writing of documentation and how-tos
- Mentoring and help for teammates

#### Examples of achievements and tasks

- Complete rewrite of the most important page in application and associated logic which was delivered as main change in release (over 9000 lines of code were affected in total)
- Implementation of cross platform system for dynamic updates and versioning which gives ability to update application without interacting with stores and reinstalling application
- Development of cross platform routing and state saving system

### 👍 Recommendations

- **Alexander Zaguzin** / Chief Operating Officer at Telebreeze Corporation

“... I wanted to express my gratitude for your outstanding performance and contribution to our company. Your professional and positive work has significant value to our team, and I am pleased to recommend you as a highly qualified professional.”

- **Vladislav Marchenko** / Chief Operating Officer at Telebreeze Corporation

“... I'm happy to have him as a part of our team and wish him further professional growth and satisfaction from achievements!”

### 🎓 Education & Large courses

- 🎓 **TUSUR University** / Software Engineering bachelor program (remote)  
October 2019 - **Present**
- 🎓 **Meta Lamp** / Frontend junior course  
December 2018 - December 2019

### 💖 Personal preferences

- I **really** want to try myself in international team
- Europe, North America and Eastern Asia are most preferable
- Offers from Russia and Belarus have lower priority, remote only
- Possibility of relocation is very important and may be a key factor for me, but is not required
- Salary in stable currency is **required** for remote offers

Thanks for understanding and attention 🐾
